Warranty Policy

1. INTRODUCTION

This policy is produced to help the PREET dealer to understand our warranty, procedures and systems.

Accurate and comprehensive warranty claims enable the Warranty team at PREET to process your claims immediately.

It is based upon the following key principals:

- Warranty is a commitment to address product defects arising as consequence of defects in material and workmanship.
- Warranty should be clear and easily understood.
- It should be applied in a timely manner.

From time to time this policy may be revised to reflect changes in policies and procedures as they occur. Such changes may first be notified via a specific Warranty news.

Warranty Policy

WARRANTY TERMS & CONDITIONS

The company warrants, subject as here in after provided that all new goods supplied by it, are free from defects in material and workmanship. It's liability under such warranty being limited to making good, at a factory workshop to be nominated by it, any part or parts which shall within 11 months or 600 hours whichever is earlier be returned to the Company or authorized representative and which the Company is satisfied on its examination, to have been defective in material or workmanship.

PROVIDED THAT

The Company shall not be responsible for any expenses of transportation or other costs which might be involved.

All replaced parts become the property of the company.

This warranty does not apply to proprietary items like Fuel Injection Equipment, Tyres, Tubes, Battery and other Electrical equipment. The purchaser shall, however, have the benefit of such warranties as are made available and instituted by manufacturers of such items, independently.

This warranty does not apply to normal wear and tear of goods, defects and damages caused by abnormal use, defects arising due to lack of technical care and maintenance, caused due to insufficient ability of the attending personnel, their neglect or lack of experience in operating.

5. The foregoing warranty does not apply to or include repair or replacement required not as a result of defect in material or workmanship of the manufacturer but as a result of (i) accident (ii) misuse (iii) lack of proper maintenance (iv) repairs improperly performed or replacements improperly installed by any person other than an authorized representative of Company (v) a replacement of parts or accessory not conforming to the manufacturers specifications, (vi) usage of fuel & oils not specified for PREET Combine Harvester (vii) modifications without acknowledgement of the manufacture (viii) damage from environmental conditions such as air borne fall out, sea area operation, hails\wind storm, lightning, flood and the like, so as in the judgment of Company (whose decision is final) to affect adversely its stability or reliability.

6. There will be no warranty for items such as Chains, Belts, Wiring Harness, Gaskets, O-Rings, Rubber items, Electrical Switches, Linch Pin, Hardware, Hose Clips, Steering Wheel Cap, items made of Glass, Wood, Canvass\Cloth, Plastic and items costing less than Rs.50/-

The company does not give any warranty in respect of its goods except the foregoing warranty which is given expressly in lieu of and excludes all other warranties and conditions, expressed or implied, whether under common law, Statute, or otherwise, and every other form of liabilities, for loss or damage, direct or consequential, or for any accident resulting from defective material, faulty workmanship or otherwise is expressly excluded.

Warranty Policy

2. WARRANTY PHILOSOPHY

Warranty can be considered under two definitions:

The legal definition which is both an obligation imposed by law and a contractual undertaking by the seller which guarantees that his products are free from defects, whilst at the same time limiting the obligation which the law would impose if there were no such contract .Warranties are primarily protective by nature.

Warranties protect the user against PREET defects. Warranties protect the seller from unreasonable claims.

To provide a guarantee of integrity of a product and of PREET's responsibilities for the repair and/or replacement of defective parts.

Warranty in the broadest sense must be administered in a manner fair to all parties concerned. At one extreme, one can become too cost conscious or unresponsive. Equally undesirable and lacking integrity is to become too liberal by attempting to build a reputation.

THREE WAY RESPONSIBILITY

The sale of PREET Product involves three parties - the manufacturer, the Dealer and the customer-and in claim matters, there should be mutual understanding and acceptance of responsibility amongst these three.

The manufacturer's responsibility is to build good products free of defects.

The Dealer's responsibility is to sell these products within the limits of their intended capacity, to ensure sound application, make sure they are delivered in good initial condition and instruct the customer as to the proper lubrication, general care and operation of the products.

The customer's responsibility is to fuel, lubricate, adjust, operate and maintain the equipment as instructed by the Dealer and in accordance with the recommendations set out in the Operator's manual.

Practically all warranty claims start from a condition where one of the parties or perhaps a combination of them has not fulfilled their responsibility. Those who handle warranty claims must understand these responsibilities, seek out all the facts, judge who is responsible and then make a balanced judgment. Their points of view must always be that a fair claim, promptly and fairly presented, will be fairly considered.

Warranty Policy

3. CERTIFICATE OF WARRANTY

The following statements constitute of certificate of Warranty.

PREET certifies that each PREET Dealer is required to give each Buyer of new Combine the following warranty. This warranty does not affect any other terms between the PREET Dealer and the Buyer.

Subject to the following provisions, the PREET Dealer shall as its sole warranty, make good or cause to be made good by repair or replacement (at its option) free of charge to the Buyer any defects in PREET product arising in PREET's opinion, from faulty materials, or workmanship which shall become apparent within the warranty period.

3.1 General

This warranty applies only when the PREET product has been properly maintained and operated under normal use and service according to PREET specification and recommendations from time to time.

This warranty does not extend to failures, defects or damage subsequently attributable to wear and tear, improper adjustment, neglect, misuse, operation beyond rated or recommended capacity, alteration of specifications, accident abuse, accidental damage, collision, fire, frost, the use of oils not specified by PREET, or the use of parts of products other than those specified by PREET for required maintenance, service or repair.

The Buyer must promptly notify the PREET dealer of any claim under this warranty, specifying the full particulars of the alleged defect, machine number, the hours worked, the date the machine was delivered to the buyer, and the date the alleged defect became apparent. If the PREET Dealer shall so request, the Buyer shall remain all defective parts to the Dealer.

In the event a Dealer declines any claim under this warranty the part or parts returned to the PREET Dealer will be disposed of unless specific instructions to return to the Buyer were given in writing when the part or parts were returned to the PREET Dealer. The return of any such part or parts is at the Buyer expense.

This warranty does not extend to parts, equipment

Warranty Policy

4. PREET's Obligations

5.1 General

- a) The PREET Company which manufactured the PREET product undertakes as its sole warranty to make good by repair or replacement, at its option, by a PREET Dealer, free of all charge, any defects arising in PREET products in the manufacturer's opinion from faulty materials or workmanship which become apparent during the warranty period,
- b) The above sole warranty is subject to the following conditions:
 - i) The manufacturer's liability extends only to giving credit to the Dealer for carrying out such repair or replacement, on terms agreed from time to time between the Dealer and the manufacturer following the submission of a warranty claim.
 - ii) The manufacturer's warranty does not extend to failures, defects or damage attributable to wear and tear, improper adjustment, neglect, misuse, and alteration of specification or accident.
 - iii) When requested, the Dealer must return all defective parts to PREET with the full particulars of the defect included on the warranty claim.
 - iv) In the event any warranty claim is declined by the manufacturer, returned parts will be destroyed unless the Dealer to the contrary gave specific instructions when the manufacturer requested the parts.
 - v) Any claims relating to routine services specified by the manufacturer must be returned upon completion of such service.
 - vi) Warranty claims will only be considered if genuine PREET parts and lubricants listed in the relevant parts catalogue are used in relation to any work carried out under the manufacturer's warranty.
 - vii) The manufacturer's warranty is strictly limited to new PREET products.

Warranty Policy

- viii The manufacturer accepts no responsibility for damage by fire or accident of any kind to any PREET product returned to it under the terms of the manufacturer's warranty.
 - ix The manufacturer accepts no responsibility for any accident to PREET products whilst on its premises.
 - x The manufacturer's warranty shall cease to have effect if the Number or name Plate or other numbers or marks affixed to any PREET product are removed, defaced, altered or tampered with.
- c) Except as expressly provided in the foregoing provisions of this condition 1 or as otherwise agreed in writing by the manufacturer, PREET shall not have any obligation, duty or liability in contract, tort (including negligence or breach of statutory duty) or otherwise howsoever in connection with any PREET product other than for death or personal injury resulting from its negligence or for fraud on the part of any of its employees whilst acting in the course of their employment. Without prejudice to the liability, expressed or implied, as to the conformity of any PREET product to any particular description, or as to the quality or fitness for any particular consumer or for any indirect or consequential loss or damage, including but not limited to wasted time, expenditure, loss of profit, use of business revenues or liability by of indemnity, contribution or otherwise.

5.2 Warranty Claims

To adjudicate warranty claims submitted by the Customer on average within one month following receipt of the claim at PREET. The date of receipt of a claim will be that on the PREET warranty system.

To ensure all claims, for which adjudication cannot be concluded promptly, are adjudicated within 60 days' maximum following receipt of the claim at PREET.

To issue credits for approved claims in full or part within 7 days of the adjudication.

In the case of declined claims, PREET will advise the reason for declining such claims by the use

Warranty Policy

of a code. In the case where a claim is declined for "other reason these reason/will be always specified in the Dealer comments section of the warranty claim. Detailed reasons for declining claims will be considered upon request in writing.

Where requested by the dealer in writing to the Warranty Manager and within one month of notification of a declined claim, together with a substantive reason for review, such declined claims will be reviewed. Dealers will be advised of the outcome of such a review within one month of the request being made, stating the reasons for the conclusion reached. This will include a response even if the outcome of a review results in no change to the status of the claim.

Warranty Policy

6. Non-Warrantable Items

6.1 General

Only items covered by PREET's warranty contained in the Dealer Agreement are covered by warranty, and in the event of any inconsistency between this Warranty Guide and the Dealer Agreement the Dealer Agreement shall govern.

Matters excluded from warranty include, but are not limited to:

- a) Any damage caused to the PREET product as a result of negligence, neglect misuse, abuse, accident, improper repair, or default of the owner, his agents or operators, or any third party action.
- b) The owner's unreasonable delay in making his PREET product available after being notified by PREET and/or his Dealer of a potential product problem.
- c) The owner's continued use of a PREET product despite his knowledge a problem exists.
- d) Damage or deterioration as a result of incorrect storage.
- e) Oil analysis not specifically requested by PREET.
- f) Additional labor related expenses such as, meals, lodgings, tolls, flights, ferry charges, travel time, etc.
- g) Conditions resulting from a failure to maintain the PREET product in accordance with the routine maintenance requirements as detailed in the Operator's Handbook.
- h) Modifications or changes not specifically approved in writing by PREET.

6.2 Consumables

Items such as Loctite, welding rods, rags, paper towels, floor dry, disposal fees, etc. used in the normal course of service work are not considered within the scope of this warranty.

6.3 Cooling Systems

Cooling system problems attributed to airflow restriction caused by blocked and/or contaminated radiators | coolers etc.

6.4 Contaminated Fuel

Except in cases where the source of contamination can be directly attributable to the PREET product, fuel system equipment (pumps, injectors, filters, pipe etc.) defects resulting from water and contaminated fuels will not be considered within the scope of this warranty.

6.5 Glass

Disintegration of toughened glass or damage to the surface of laminated glass in the form of

Warranty Policy

Chipping or star like cracks is caused by the surface being struck by a hard object (typically a stone). Therefore, such damage or replacement is not considered within the scope of this warranty.

6.1 Tyres

With the exception of PREET branded tyres, all other makes of tyre e.g. Goodyear, BKT, MRF, Ceat , Bridgestone, etc. must be addressed to the tyre manufacturer's agent/s.

When considered, warranty claims for PREET tyres will be reimbursed in proportion to the useful service life remaining.

6.2 Adjustments

Routine adjustments beyond the first 100 hour of operation, (which may require attention from time to time) are detailed in the service schedules of the Operator's Handbook and as such are not considered within the scope of this warranty.

6.3 Wear Parts

These parts are by their nature subject to deterioration during their life and as such are excluded from the scope of this warranty. These parts include for example: - Friction, lining of clutch plates and brake disc, blade, ribets, fingers, meter wire, chains.

Warranty claims will only be considered for wear parts when a material defect exists.

6.4 Wear and Tear

Depending upon operating conditions and operating methods the life of wear parts may be exacerbated. Repairs resulting from such conditions and /or methods are not considered within the scope of this warranty.

6.5 Electrics

Bulbs and fuses are not considered within the scope of this warranty.

Warranty Policy

7 Warranty of proprietary items:-

Such as engine assembly self-starter motor, alternator, tyre and tube. The warranty of the proprietary part does not fall under the PREET Company's warranty policy. The warranty of proprietary part is only for one season (1st repair) of purchase of combine harvester, and this warranty is given by service centers of the proprietary part. Regarding the judgment given by the company representative of the proprietary part, the PREET Company will not be responsible in any way. The decision given by the representative of the company of the proprietary part will be final.

7.1 Warranty does not apply in the following situations:-

The cause of damage to parts is due to the effects of common wear use, accident, poor maintenance, overloading, broken or tampered seal, environmental causes, pollution, contamination water, contamination fuel or chemicals suspected.

I Have read all the above written warranty instructions and agree to abide by them. All disputes are subject to Nabha Jurisdictions.

8. Warranty Parts Returns

Dealers are required when requested to return the parts associated with a warranty claim.

Such parts are required to:

1. Establish the root cause of the defect, thereby ensuring the appropriate remedial actions are identified and expedited.
2. Support any counter claim we may have with our suppliers.
3. Validate warranty claims.

Dealers will be notified to return parts associated with a warranty claim by the issue of a Warranty Parts Return Address shown below:

WARRANTY PARTS RETURN CENTRE:

PREET SERVICE DEPARTMENT

PREET AGRO IND. (P) LTD.

NABHA PATIALA ROAD, NABHA, PUNJAB.

Note: All warranty parts returns, unless otherwise directed, must be sent to the following address:

Dealers may deliver warranty parts by prior agreement with the Warranty Parts Return Centre Administrator as follows:

Monday to Saturday 09.00- 1:00 and 2.00- 5.00 PM

when returning parts, the following must be observed,

1. The Warranty Parts Return Label must be attached to the defective part to be returned. This should be done in such a manner as to ensure that the label does not become defaced during transit.
2. Parts to be returned are to be packed in the as failed condition, the exterior cleaned (where this in the Dealer's opinion does not affect the reason for failure).
3. Parts to be returned are to be packed in such a manner as to be protected from the elements during transit and storage. Contamination by water, dirt ingress etc. may adversely affect defect analysis.

Warranty Policy

4. Parts to be returned are to be packed in such a manner to prevent them being damaged during transit or storage.
5. Boxes used to return warranty parts must be clearly labelled on the sides of such boxes as "WARRANTY PARTS RETURNS." Remember that labels appended to the top of a box cannot be read when other boxes are stacked upon it.
6. Hydraulic valves, rams, transmissions, axles, engines, coolers etc. must be drained of all fluids prior to return to the Warranty Parts Return Centre. If required fluid samples should be returned separately in a suitably clean and robust container, adequately identified.
7. Hydraulic valves, rams, transmissions, axles, engines, coolers etc. must have all ports securely plugged and/or capped before they are returned to the Warranty Parts Return Centre.
8. In the event we do not request the parts to be returned to PREET, such parts should be retained by the Dealer for 60 Days after such a warranty claim has been credited.
9. In the event returned parts are not defective i.e. "No Fault Found," such parts will be available for collection for 28 days following notification. Thereafter such parts will be scrapped or destroyed.

Warranty Policy

9 Warranty Parts Storage

Parts returned to PREET via the warranty system are frequently used to identify the "root" cause(s) for their return and in doing so provide PREET with the opportunity to improve its products. Therefore, parts replaced under warranty must be handled with care. The following should be checked:

- a) Is there a designated area for the storage of warranty parts?
- b) Is it secure and shielded from customer view?
- c) Is it clean and tidy, protected from the elements?
- d) Can parts be readily identified?
- e) Are parts clean, ports plugged etc.?

9.1 Miscellaneous

The occasion of a Warranty review presents an opportunity to review other aspects of the Dealer's Obligations. This may include but not be limited to:

- a) The Dealers FSI closure performance and processes.
- b) The management of stock and demonstration machines.
- c) Installation processes and records.
- d) Any Dealer issues with Warranty.

9.2 Reporting

Normal practice would be to record any issues found during the review. These issues can then be reviewed with the appropriate team(s) here at PREET before issuing a letter to the Dealer outlining our considered view. This letter is to be issued as soon as possible after the review.

Please note, PREET may look to recover any reasonable costs associated with discrepancies in the valuation of warranty claims.

Alternatively,

The Warranty Review maybe conducted by a third party on PREET's behalf. This review will take place using a pre-determined list of discrepancies, against which a representative sample of warranty claims will be reviewed.

It is the Dealer's responsibility to act upon any recommendations.
